

# HOME ENERGY STORAGE WORKSHOPS:

## Is Battery Backup Right For You?

Are you worried about losing power during a scheduled power outage? Solar Systems paired with batteries can keep your home or business online!

Join us for a conversation with City and County energy staff, local solar and energy storage companies, SCE, and community leaders to learn about energy storage (battery) options for your home or business. We will discuss public safety power shutoffs, safety, financial incentives, technical details and more.

Presentations will be from 5:30-6:30 with time to meet energy storage providers and learn about their products and services from 6:30-7:00. Light refreshments will be provided.
